

INVITATION BICC&I Focus Seminar India & Clean Technology

Date : Wednesday March 21st 2018

Venue : Townhall Leuven, Grote Markt 9, 3000 Leuven

Dear Madam,
Dear Sir,

India is in the midst of the largest energy transformation project in the world, with projects for clean air, clean water and clean energy. The challenges are huge, but so are the opportunities.

Belgian companies have a lot of know-how to offer in the field of clean technology.

During previous seminars we spoke about power, smart cities and waste-to-energy as main topics.

This year we want to focus on water supply, waste water treatment, off grid energy and satellite communication...

With this seminar we bring you up-to-date information about available clean tech solutions and real-life company testimonials.

*Program :
